

MARUBENI LUMBER VIETNAM CO.,LTD

MARUBENI LUMBER VIETNAM CO.,LTD.

ABOUT US

MBL Vietnam is a 100% Japanese-owned company under Marubeni Lumber Co., Ltd., a leading name in wood processing and trading in Japan and worldwide.

Established in 2017, our factory is located in the Nhon Hoi Economic Zone, Central Vietnam. We specialize in OEM and ODM manufacturing of wooden products such as toys, small furniture, and home décor for global markets.

With Japanese quality standards and streamlined operations, MBL Vietnam offers reliable, flexible, and efficient production solutions for international partners.

OUR VISION & MISSION

Vision

Becoming Vietnam's leading OEM/ODM factories for export wooden toys, trusted by international brands for our Japanese-standard production, high flexibility, and long-term quality consistency

Mission

MBL Vietnam provides full-process manufacturing solutions, from design consultation, material selection, and sample development to mass production and step-by-step quality control

We continuously improve our systems, build a professional working environment, and strengthen internal resources to deliver sustainable value to our partners and the community

OUR LOCATION

Strategic Location in Quy Nhon

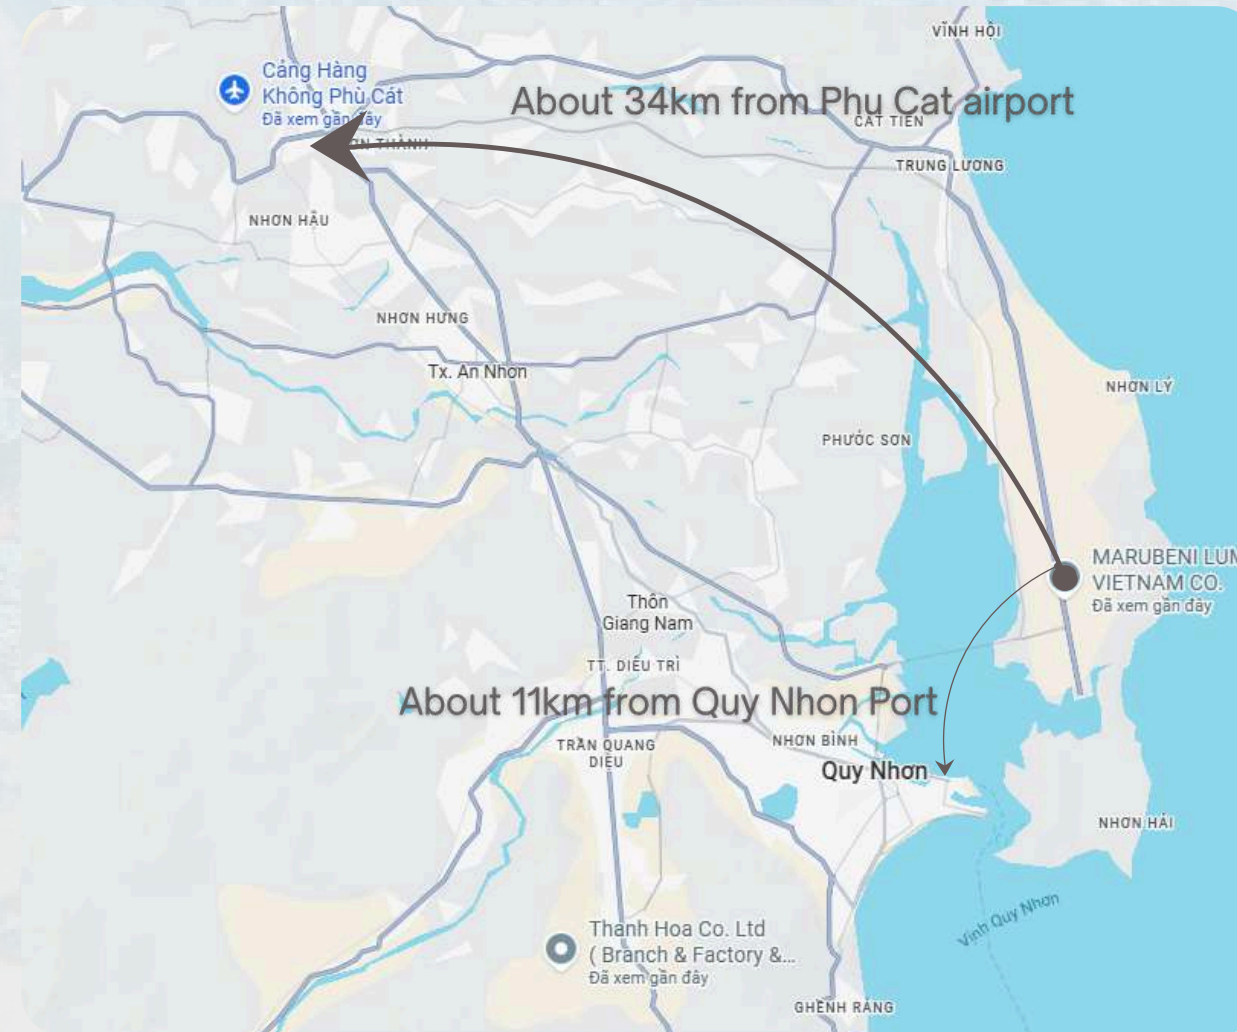

Located in the coastal city of Quy Nhon, MBL enjoys key advantages for manufacturing:

- Close to Quy Nhon International Seaport, enabling efficient export to Japan, Europe, and the United States
- Convenient access to Phu Cat Airport, Cam Ranh International Airport, and other central provinces
- Stable, skilled, and easily trainable local workforce
- Friendly, safe living environment with reasonable living costs, ideal for long-term factory operation

1h35m from Ha Noi by air

45 mins from Ho Chi Minh by air

OUR FACTORY

Functional zones: Material Preparing, Sizing and Processing, Sanding, Assembling, Coating, Packing, OQC

Operational Standards

- Strict 5S and lean management
- Step-by-step QC, not just final check
- Regular machine maintenance for accuracy and stability
- Daily morning meetings for inter-departmental alignment
- Clean, orderly, synchronized system = quality, precision, on-time delivery

Sustainability

- Solar power system to reduce emissions and optimize energy cost
- Sustainable forest management with planned replanting
- All wood used is legally sourced

MBL VIETNAM AND CSR COMMITMENT

Clean Energy & Environment

Support for Local Community

Respect for People

OUR TEAM

“MBL’s values deeply resonated with mine. Their commitment to sustainability, their respect for nature, and their vision of creating generational, meaningful products aligned beautifully with the heart of my brand.”

“I’ve worked with several manufacturers over the years, but I’ve never experienced a process that felt so smooth, transparent, and genuinely collaborative.”

OEM Customer from Australia

“Someone said to me recently, it really is a toy with soul. I agree. And without these gorgeous souls at the factory here, it wouldn't have that everlasting special feeling.”

OEM Customer from Australia
